

Join us for the next olive harvest

An olive harvest is one of the most fascinating experiences one can have in Portugal. It is a wonderful opportunity to learn a lot about Olives and olive oil. Those who have experienced it say that the enthusiasm of the olive farmers and the atmosphere in a working olive mill during the harvest season are something unique.

Making just one bottle of olive oil is a lot of work. Furthermore, we have over 1600 trees to harvest, so it is an intense time when the harvest comes. Everyone on the farm helps out. Other projects are put on hold. And we can use all the help we can get.

We invite others who are interested to join us, to stay with us for a few days and experience an olive harvest. All of this happens from late September to mid-November. It may not be the warmest and sunniest time of the year in Alentejo, but it is a truly unique time to be on the farm.

You can witness the olive harvest, be part of the olive oil production, and learn how high-quality organic extra virgin olive oil is made.

If you want to help us and participate in the harvest for five or more days, here is your chance...

We offer you one of our beautiful guest rooms in one of our two guesthouses.

After a good breakfast, you will be guided by us on how to collect and sort the olives. There will be a light lunch at noon, and the work continues in the afternoon.

At the end of the day, you will enjoy a great dinner with all the participants at a large, cozy dining table.

It is a fantastic opportunity to make friends with nice people from all over the world and find joy in a unique activity.

For more information about our multi-day harvest experience and staying on the farm, please visit www.herdadedosalfanges.com or email us at Info@dabaronia.com
